| <p>After spending the last two days listening to your video, I felt lead to go to One Accord Community Church just to see how is it like to attend a controlling and abusive ministry. I just left such a ministry three months ago from another state, so I have great understanding on what to discern and to lookout for. There were definitely coded speeches within today's sermon but before I go into deep details, I want to warn you to watch your every move here in the Atlanta area because I fear for your safety. I never step foot in that church before, but I felt a deep spirit of a controlling principality that is over that building. The first lady appears to be in control of everything, the ushers, praise team, certain members, and the agents....yes I saw men in suits that appear to be on alert and dazed. The first lady directed everyone from the pulpit and if anything happened out of the ordinary, you saw the look of degusted on her face. I never was to a place like this before. I felt uncomfortable the whole time I was there. I'm going to cronized today's service as it happened. I took notes that may be helpful to you if any harm of litigations come your way and if you need a witness, I'm here for you bro.</p> <p>After the praise team song 2 songs, the first lady directed the congregation to read 2 Kings 18:36 "But the people remained silent and said nothing in reply, because the king had commanded, "Do not answer him." The first lady referred to a feeling that she had last Monday night when she told the congregation that she had the spirit if revenge, that a murder spirit was in her that night. She went on to state that she had a vision that 3 men with their face covered in black murdering someone. The congregation didn't seem dismayed or surprised that a woman of God had such a hateful sprit in her. But I was. I was ready to leave then but I stayed because the more she talks the more I could write an observer. She was obviously referring to your posting on YOUTUBE and sharing her desire to have you murder. She went forward to state that "We can't murder him, we can't file a lawsuit against him, and we can't do nothing but pray". Then she stated that a sister prayed that spirit off of her.</p> <p>Mr. Body (as I will call him because he doesn't deserve the honor to be called a Bishop) seems to be the innocent one on the pulpit. Whenever the first lady stated her threats or concerns, of if she so called heard a revelations from God, he would look at someone in the pulpit or in the congregation as if he didn't know or hear anything the was said prior to. This man looks like a person who can work the system (or malunuplate with great power).</p> <p>When he began preaching 1 1hour and ½ after the first lady's rumblings about nothing. He gave a scripture from Phil 4 but he never preached from that book instead he said the following... This church went through one of the most challenging and difficult times in its history. We start seeing people for who they are ...God is going to bring new young, old and committed people to this ministry... this will be accomplish through prayer. He stated that God many have to get rid (death) of some people so that God may get the glory in his house (how arrogant). He stated in his sermon that "I got sick of Negros (lol) sitin in his church and not feeling his message. Some people have to leave here because they are in the way of Gods move (continued arrogance). You can't mingle or function around gossipers; you can't even pray with them. Prayers were hinder at One Accord because people are being distracted and deceived by outsiders, it is not God to grieve the man of god. Then he appeared to get excited, he all of the sudden stated in a mad voice "don't mess with my wife...I can't believe he claimed that I put a hit on him"</p> <p>I left after he made that statement because I had enough. One Accord shows all signs of a controlling ministry. It should be noted that there were under 50 people there today in what seems to be a descent sized sanctuary, a assumed your videos are having a powerful effect on attendance. Also I want to share another instance on how powerful the first lady is, during service she pointed to lady and stated that she had the spirit of depression. She called her and her husband to the pulpit. The husband appeared to be one on the hierarchy He was lightskined, bald, and had a gray beard but he looked young. His wife did appear to be depressed. The first lady said that the spirit of the lord reveled to her that the women wanted to stay in the church, but the husband wanted to leave.....the husband appeared to be embarrassed and ashamed by first lady's claim. The church went into prayer and Mr. Body said that the devil is trying to lead you guys out, but God had a plan for them at the church.....</p> <p>I was shock and amazed by the power Mr. and Mrs. Body power over their sheep. I'm glad you left NYTN and I urge you to be careful al all times. If you have any questions please e-mail me, I'm here for you.</p> |   |                                      |              |
